TO RAISE SUNKEN SCHOONER

The "We Answer No" Club. An Accident at the Cummer Company's. A Line Broke While Lifting. The Letter List.

An accident happened yesterday morning, at the Cummer Co's new planing mill, that came near being a serious one. While Mr. Blivins (who is superintending the work) was raising a large spike, to be used as a sheer for the purpose of raising the large smokestack at the ground and the sheer came to the ground with a crash. In the decent it struck the corner of the boiler room, which is brick, and glanced a distance of several feet, missing a man that was standing under it about two feet. When it struck the ground it broke in several pieces. Several other persons were frightened badly, but not hurt. The damage was slight and as the piece of lumber proved to be very unsound, probably it was lucky that the accident happened when it did, as it was not strong enough to lift the heavy boiler.

Mrs. Lizzie Reed, of Northampton county, paid her uncle, Dr. J. B. Floyd, a flying visit yesterday. She left last night via the New York, Philadelphia and Norfolk railroad for her home.

Capt. W. H. French left last night with the schooner Mary A. Ivens and the tug Mercie B. to raise the schooner Francis Smith, sunk in the Potomac river, with a cargo of 70,000 press brick. She was bound from Washington to Norfolk when she sunk.

The regular weekly meeting of the W. C. T. U. will be held at Mrs. O. S. Baker's Thursday at 3 o'clock.

The "We Answer No" Club held their first meeting last night at the residence of Mr. Charles T. Barry. The club is composed of young ladies.

RALEIGH, N. C.

THE OLD NORTH STATE.

Small Items of a Newsy and Personal Character.

Special Dispatch to the Virginian.

RALEIGH, N. C., January 2.—The Gazette, of this city, the organ of the negroes in North Carolina, will, in its issue to-morrow, say that it is for Dr. J. J. Mott for the United States Senate. James H. Young, an influential colored Republican and a member of the Legislature, is the editor of the Gazette. A Republican who claims that he gets his news from the inside, says that his party in the Legislature, as matters now stand, will vote as follows for United States Senator in the caucus: Mott, 2; J. C. Pritchard, 12; H. G. Ewart, 6; J. E. Boyd, 5; A. E. Holton, 6; O. H. Dockery, 3; Carver, 2; doubtful, 5. He further alleges that V. S. Lusk, of Asheville, is the speaker of the House. Yet it has been said that Z. V. Waiser, of Lexington, has enough votes pledged to secure his election.

President Spencer, of the Southern Railway, has done a very kindly thing for the people of the little town of Marion, most of whom are homeless by reason of the recent fire there. Never in the South was a town so completely destroyed as was this one. Mr. Spencer sends \$100 to the sufferers and to day notifies the railway commission that he has given half rates on all building materials shipped to Marion for the purpose of rebuilding the town. This action is greatly appreciated.

James E. Boyd, of Goldsboro, is now fully in the field as a candidate for the United States Senate. His candidacy will injure that of Chairman A. E. Holton.

Friends of J. C. Pritchard say that all the Republican members of the Legislature in the Ninth District save those from Henderson, which is H. G. Ewart's county, will vote for Pritchard for the Senate. These friends declare Pritchard to be the strongest man now.

It is said that some of the members of the Legislature will contend that if Marion Butler's paper, the Caucasian, is given the public printing he ought not also to ask for the Senatorship. But he will ask for it, expects it and is sure he will get it.

At the Yarboro House this evening the ladies gave a very handsome "bal pondre."

Walter Womble, of this city, has been made foreman of the Seaboard Air Line shops here.

The annual report of the Grand Master of Masons shows large gains in North Carolina in 1894. The order has prospered and nine new lodges have been organized.

B. A. Brown, grocer and tobacco manufacturer at Kernersville, has failed, his preferred debts amounting to over \$15,000. A negro girl at Wake Forest yesterday took a spoonful of strychnine by mistaking it for quinine. It is the belief of some persons that all of the Democratic members of Congress, who were declared elected at the November election, will be unseated. Republicans so assert. The negroes of Durham celebrated emancipation day in grand style yesterday.

Might as Well Be Latin.

What idea does the price in the newspaper convey to you of the Appearance and Value of a Suit?

Absolutely none. You need to see the Clothes. Suppose we just say, "We have Suits from Eight Dollars to Twenty-five Dollars, and one at Forty-five, and every Garment has all the value we can afford to crowd into it at the price."

You are not fool. You expect to see a difference between an Eight Dollar Suit and one at Twenty-five, between a Ten Dollar Overcoat and a Thirty.

Can you buy as good a house for two thousand dollars as you can for five thousand? Can you get as many apples for a "quarter" as you can for a dollar? Clothes are like any other commodity; you get Value according to the money you pay.

And you want to see to it that you buy Sound Apples, and houses that will not tumble down.
